GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

G. O. No. L. 3574-86—V. P. 38-33-2; DATED 20TH/21ST NOVEMBER 1933.

Special Staff for Panchayet Works.

Directs the employment of a — in each District.

READ.—

(1) Government Order No. L. 4921-41—V. P. 49-31-3, dated the 11th January 1932, reviewing the report on the working of the Village Panchayets in the State during 1930-31.

(2) Note No. D. 16, dated the 26th September 1933, by the Chief Engineer, Public Works Department, in the matter of the unemployment among Engineering Graduates and subordinates and utilisation of their services for Village Panchayet Works and Rural Reconstruction.

ORDER No. L. 3574-86—V. P. 38-33-2, DATED BANGALORE, THE 20TH—21ST NOVEMBER 1933.

A sum of about Rs. 30 lakhs is at the credit of the Village Panchayets in the State. The question of utilising this amount for works of public utility, such as, the opening of new village roads, the construction of bridges, and causeways, the laying out of villages, etc., according to settled programme and under proper technical supervision was discussed at the Officers' Meeting held at Mysore on the 29th September 1933. In order to ensure that Village Panchayet funds are utilised to the best advantage, the Chief Engineer suggested the employment of a small establishment at the Headquarters of each district, a Surveyor or a Sub-Overseer being stationed in each taluk, to help revenue officers in executing Panchayet works.

2. After considering the views expressed at the meeting by the Deputy Commissioners and the Revenue Commissioner, Government have come to the conclusion that it is necessary to provide a special staff if the execution of works in Panchayet areas is to proceed systematically. They are accordingly pleased to direct that the Deputy Commissioners may obtain, for employment as temporary Panchayet Inspectors, the services of subordinates of the Public Works or the Health Department of the rank of Surveyor, Sub-Overseer or Sanitary Inspector on a pay not exceeding Rs. 60 per mensem, with a conveyance allowance of Rs. 15. The number of Inspectors to be employed and their jurisdiction will be determined by each Deputy Commissioner, with reference to the value of the works likely to be undertaken and the resources of the particular Panchayets.

3. The Chief Engineer is requested to select, as far as possible, capable and experienced men for these appointments, their places in the Public Works or Health Departments being temporarily filled up by fresh recruits.

4. The cost of the establishment will be charged to works in the respective Panchayets, in such proportion as the Deputy Commissioner may determine, the consent of the Panchayets concerned being secured in advance to the arrangement.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

G. O. No. R. 3065-75—L. R. 221-33-2, DATED 22ND/23RD DECEMBER 1933.

Special Concessions in respect of the Land Revenue Assessment for the year 1933-34.

(Sanctions certain concessions in accordance with the announcement made in the Representative Assembly in October 1933.

READ—

Government Order No. R. 361-70—L. R. 44-33-2, dated the 20th July 1933, directing the grant of certain concessions; while restoring the *khates* resumed to Government for non-payment of arrears.

2. Subject No. 20 discussed at the last Dasara Session of the Representative Assembly, regarding concession in the payment of land revenue during the current year.

ORDER No. R. 3065-75—L. R. 221-33-2, DATED BANGALORE, THE 22ND—23RD DECEMBER 1933.

In the Government Order of 20th July 1933, read above, certain concessions have been sanctioned in regard to the cases of lands brought to sale for arrears of revenue and resumed to Government for want of bids but subsequently restored to the occupants on payment of the arrears due. Deputy Commissioners have been empowered in such cases and when satisfied that such a concession is deserved, to remit the sale proclamation fees and other process fees and also the interest on the arrears. This concession is available

in respect of arrears of the last year, *viz.*, 1932-33 and of the previous years and has been ordered to be continued up to the end of January 1934.

2. In respect of the land revenue assessment due for the current official year 1933-34, in view of the continued low level of prices of agricultural produce, the Government are pleased, in accordance with the announcement made at the Representative Assembly in October last, to sanction the following special concessions up to the end of June 1934 :—

(i) Under Rule 95 of the Land Revenue Rules, the Deputy Commissioner or the Assistant Commissioner in charge of a taluk or the Amildar or Deputy Amildar, as the case may be, is empowered, at his discretion, to remit the fee for notice of demand in any case if it shall appear to him that its levy will occasion undue hardship. The Government are pleased to direct that where the land revenue involved relates only to the current year and the dues are paid up before the lands are brought to sale, notice fee will be remitted in all cases.

(ii) The forfeiture and *isthihar* fees also may be waived by the Deputy Commissioner at his discretion in specially deserving cases.

(iii) In cases where lands have been brought to sale and resumed to Government for want of bids and the parties, after payment of all arrears and costs, apply for restoration of *khate* within a reasonable time, no penalty by way of levy of an upset price or otherwise need be recovered for such restoration.

(iv) The Deputy Commissioners will make a liberal use of the powers vested in them under Rule 35 of the Land Revenue Rules as regards the remission of the arrears without recourse to further process by distraint of moveable or by proceeding against the other properties of the defaulter in cases where a holding which has been forfeited for default in payment of land revenue due thereon is not sold or when the sale proceeds thereof are not sufficient to meet the arrears.

(v) The notice fee liable under Section 158, Land Revenue Code, *viz.*, four annas if arrears are below Rs. 5, and eight annas if above as per Rule 103 of the Land Revenue Rules, is temporarily fixed at annas four irrespective of the amount of revenue due.

3. It is not intended by these orders that there should be any delay or relaxation in adopting and pursuing th usual processes for recovery of land revenue which shoul as far as possible, be concluded before the close of the year.

S. ABDUL WAJID,
Secretary to Government,
Development Departmen

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Comptroller to Government of Mysore.
The Compiler, *Mysore Gazette.*

II.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

REVENUE DEPARTMENT.

G. O. No. R. 5237-46—L. R. 221-33-10, DATED 9TH APRIL 1934.

Concessions in respect of the Land Revenue Assessment for 1933-34.

Sanctions certain further ——.

READ—

Government Order No. R. 3065-75—L. R. 221-33-2, dated 23rd December 1933, sanctioning certain special concessions in respect of land revenue assessment for the year 1933-34.

2. Letter No. C. 1886—33-4, dated 1st March 1934, from the Revenue Commissioner, stating that the measures of relief sanctioned in Government Order, dated 23rd December 1933, might be amplified or supplemented in certain directions and requesting sanction to the proposals made in view of the continuance of agricultural depression.

3. Government Order No. R. 4425-35—L. R. 221-33-7, dated 9th March 1934, empowering Amildars and Deputy Amildars to remit isthihar fees in hard and deserving cases.

ORDER No. R. 5237-46—L. R. 221-32-10, DATED BANGALORE, THE 9TH APRIL 1934.

The Revenue Commissioner is of opinion that although the prices of agricultural produce continue to be low, it is unnecessary on this account to order any general suspension or remission of revenue, but that remissions of revenue may be granted in cases where it is permissible under the rules and in tracts where there has been wide-spread failure of crops owing to excessive rains or other special reasons. Government agree with the Revenue Commissioner.

The Revenue Commissioner is of opinion that there is no need to extend as a general rule, the time allowed for the payment of land revenue proper, but recommends an exception being made in favour of persons who have to make large payments under this head, where giving time would be to the advantage of the raiyat and in the interest of Government revenue. He proposes that Deputy Commissioners may be permitted to grant time at their discretion in such cases. This is approved.

It is suggested that some latitude might be allowed in the collection of other demands such as loans, tank maintenance advances and irrigation contributions. The Revenue Commissioner is requested to submit detailed proposals for orders of Government.

The measures of relief sanctioned in the Government Order, dated 23rd December 1933, are recommended to be amplified or supplemented in certain directions as indicated below:—

(*a*) Forfeiture of lands for arrears of land revenue may be confined to those survey numbers in a *khate* on which the arrears are known to have accrued.

(*b*) As a corollary to the above, it is proposed that where lands are resumed to Government after forfeiture, and the khatedar or other person interested applies for the restoration of one or more of the survey numbers in the *khate* paying the arrears due on such one or more survey numbers, the same might be permitted even if the arrears on the remaining survey numbers in the *khate* were not cleared.

[This concession is possible only in cases were a whole survey number or a sub-division of a survey number is concerned and the arrears can be allocated to the different survey numbers in a *khate*. It cannot be applied (except in taluks where Record of Rights has been introduced) to *hissas* of survey numbers.]

(*c*) All notice and isthihar fees may be invariably remitted if the arrears are paid before the end of this official year whether the arrears relate to the current year or previous years, and whether the payment is made before or after the sale.

(*d*) The power of remitting process fees including isthihar fees may be delegated to the Amildars.

(*e*) Applications for restoration of *khate* may be exempted from stamp duty.

No. R. 5237-46—L. R. 221-33-10, DATED 9TH APRIL 1934.

Government are pleased to approve of all these proposals except item (*e*) on which separate orders will issue.

These concessions will be in force till the end of current official year.

S. ABDUL WAJID,
Secretary to Government,
General Department.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Comptroller to Government of Mysore.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENT.

G. O. No. R. 7276-86—L. R. 569-28-1, DATED BANGALORE, THE 7TH MARCH 1929.

Buying of Inam Villages.

Passes orders in the matter of the —— forfeited for arrears of revenue, on behalf of Government.

ORDER No. R. 7276-86—L. R. 569-28-1, DATED 7TH MARCH 1929.

Rule 37 of the Land Revenue Rules lays down that when alienated holdings (including whole inam villages) are forfeited for purposes of sale, such forfeiture will not operate to extinguish the tenure on which the alienation was made and that the property shall be sold as alienated property and conveyed as such to the purchaser. Under the proviso to this rule, however, it is open to the Government to buy in the property at the revenue sale, and in that case the Deputy Commissioner is required to cause the land comprised in the holding to be entered in the records as unoccupied unalienated land.

Government observe that the alternative course contemplated in the proviso referred to is rarely resorted to and that in the case of whole inam villages, particularly those which are habitually mismanaged, the option to buy in the estate for Government should be more freely utilised in the interests of revenue administration. Government are accordingly pleased to direct that when a whole inam village is forfeited for arrears of revenue and put up for auction sale, the Deputy Commissioner should invariably consider the

advisability of buying it in on behalf of Government and treating it as unalienated (sircar) village. The maximum amount which may be offered at the sale should be determined in advance with the approval of Government, and communicated confidentially to the officer authorised to bid on behalf of Government. This amount should not ordinarily exceed 12 to 15 times the annual net increase of revenue that may reasonably be expected to accrue to Government, taking into account all items of income and expenditure (such as those noted below) that the change of tenure may involve—

1. Receipts from sale of batayi lands with occupancy rights.
2. Expenses of introducing survey and settlement, if necessary.
3. Payment of *potgi* to village officers on the scale prescribed for sircar villages.

N. MADHAVA RAO,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Superintendent, Revenue Survey.
The Comptroller to Government.
The Deputy Commissioners of Districts.
